

# **Snohomish, Island, and Skagit Counties Needs Assessment Study**

## **Meeting Schedule and Information**

The **Local Advisory Committee** membership is set by statute. The committee is charged with assisting the Higher Education Coordinating Board in the conduct of the assessment and siting study for Snohomish/Island/Skagit Counties.

The Higher Education Coordinating Board has also assembled a **Project Coordination Team**, modeled after a group used in an earlier study. The Project Coordination Team is a technically-oriented group and has representatives from institutions of higher education and K-12.

**Town Hall Meetings** are scheduled to be conducted on two occasions in each of the study counties. The first series of town hall meetings occurred November 15-17, 2005, which provided an early review of demographics and locally identified needs. The second series of meetings will be to discuss program and locale analysis and to review preferred alternatives for delivery of higher education services in the three-county area and receive input on locale analysis.
